Caſſel, July 2. N. S. The firſt Interview between Prince Frederick and the Princeſs Mary of England was at Amelienthal, to which Place the Prince went to meet her, accompanied by his Father Prince William, by the Prince and Princeſs of Orange, the Princeſs of Heſſe his Siſter, and the Princes Maximilian and George his Brothers. After the firſt Compliments were over, the Princeſs Mary embraced the Princeſs of Orange with very great Tenderneſs, and then made a Publick Entry into this City with the greateſt Splendor. When ſhe came to the Caſtle ſhe was conducted into her Apartment, where ſhe chang'd her Cloaths, and after having a Crown put upon her Head, ſhe was conducted by ſix Ladies of Honour into the Grand Apartment, where her Royal Highneſs was receiv'd by Prince William and the Prince of Orange, who led her into the Great Hall appointed for the Marriage, which was celebrated by a Miniſter of the Calviniſt Religion, and after it there was a ſplendid Repaſt at ſeveral Tables. Next Day all the People of Diſtinction at Court were introduced to the Princeſs, and had the Honour to kiſs her Hand.

Hanover, July 8. N. S. Great Preparations are making here and at Herenhauſen for the Entertainment of Prince William of Heſſe, who is expected here ſhortly, together with his Son Prince Frederick and his Princeſs; but whether they will be accompanied by the Prince and Princeſs of Orange is not ſaid. In the mean Time the Ducheſs of Dorſet is expected here every Minute.

His Majeſty is in perfect Health, and ſcarce a Day paſſes but the Foreign Miniſters, who are admitted in their Turns to an Audience, have the Honour to dine with him. All the Talk at this Court is of the magnificent Reception which the Princeſs Mary, his Majeſty's Daughter, met with at Caſſel; to which Place we hear that moſt of the Students of the Univerſity of Gottingen went, to aſſiſt in that Princeſs's Publick Entry. The Count de Truchſes, the Pruſſian Ambaſſador Extraordinary, has hired a larger and more commodious Houſe here than he had before; ſo that 'tis ſuppoſ'd his Stay here will be longer than was believ'd at firſt.

M. Stammer, Maſter of the Horſe to his moſt Serene Highneſs the Duke of Wolfenbuttel, arrived here Yeſterday, to compliment the King on the Part of his Maſter, upon his Majeſty's Arrival in his German Dominions; as did alſo M. Vonder Luke, Privy Councellor of the Prince of Orange; both which had their Audiences of his Majeſty, and were moſt graciouſly received.

His Majeſty has been pleaſed to grant unto Charles Maſſey, M. A. the Place and Dignity of Dean of the Cathedral Church of Limerick, in the Kingdom of Ireland, vacant by the Death of Dr. Thomas Bindon, late Dean thereof.

On Monday laſt the Right Hon. the Earl of Straſford arrived here, and on Tueſday waited on the King at Herenhauſen, and was moſt graciouſly received. He had alſo the Honour to dine with his Majeſty.

Cologne, July 8. N. S. 'Tis reported, that the Baron Newhoff was lately incog. at Hanover; that he ſtaid three or four Days there, and that he actually had a Conference with a particular Miniſter appointed by the King of Great Britain; and a private Letter from thence makes mention of ſeveral things ſaid to have been propoſed by that Baron, but they are ſo improbable, that we ſhall not venture to report them.

Madrid, June 21. N. S. The new Treaty of Commerce with France is in ſuch a Forwardneſs that 'tis not doubted but it will be ſign'd very ſoon; and 'tis ſaid that the French Ambaſſador the Count de la Mark only waits here for the Concluſion of that Affair, in order to return home. The late Duke of Ormond is recover'd from his Indiſpoſition. The King has appointed the Admiral Don Rodrigues de Torres Commander in Chief of the Ferrol Squadron, in the Room of the Vice Admiral Pintado who did not obey his Orders, and he is alſo to have the Command of the other Men of War in the ſeveral Ports. The ſaid Admiral ſet out Yeſterday for Galicia, from whence we hear, that the Forces there, conſiſting of 18000 Men, continue very quiet in their Quarters. 'Tis ſaid, that this Admiral has Orders to ſail with his Squadron in queſt of Sir Chaloner Ogle or Rear Admiral Haddock.

Rome, June 25. N. S. The Cardinal Cenci, who was ſo well on the 23d that he aſſiſted at the Scrutiny, died ſuddenly next Day, after having ſaid Maſs and drank a Diſh of Chocolate; by whoſe Death there are ſix Hats now vacant in the Sacred College.

Harlem, July 10. N. S. The Elector of Cologne, who arrived here three Days ago by the Name of the Count de Arensberg and alighted at the Golden fleece, went ſoon after to the Great Church, of which he admired the Magnificence, and then went and took a View of the fine Seat of Mr. Clifford, a Merchant of Amſterdam, which is about a League out of Town. He returned hither about Seven in the Evening, and then ſet out for Amſterdam.

Amſterdam, July 10. N. S. The Elector of Cologne, who return'd hither from Harlem the 7th at Night, ſet out Yeſterday for the Hague. They write from the Texel, that 6 Ships are arrived there from the Eaſt Indies.

Hague, July 10. The Elector of Cologne, who arrived here Yeſterday from Amſterdam and propoſes to ſtay ſome Days, has received Viſits from ſeveral of the Foreign Miniſters.

ANTI-SYPHILICON.

THE only short and most infallible Cure in the Universe for the VENEREAL Disease, from the slightest Infection to the most extreme and desperate Degree of it, even when the Blood and Juices are most horribly contaminated with its malignant Venus, and the very Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Infection on one Hand, or a seminal Gleet or Weakness on the other.

And the most inveterate Degree of the French Pox, attended with Nocturnal Pains, universal Breakings out, and all the other most exasperated Symptoms, are overcome by it, and effectually and much more speedily cured than by Salivation, Inunction, or any other Method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as to bespeak it the only opposite Remedy or true Venereal Antidote in the World; and this some Thousands have found to their great Joy experienc'd.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement; but may be taken, and the Cure be accomplish'd, without the Knowledge of the nearest Friend.

Those who suspect they have received an Infection, by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie in the Body, but wholly extirpates it Root and Branch in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remains or Relicks of former Injuries, may by a few Doses of it infallibly free themselves from all Suspicion of that Kind; for it alters no Foulness, Corruption, or Putrefaction whatever, that remain in the Fluids, or to adhere to the Solids; and on that Account, in all scorbutick, scrophulous, and even the worst Eruptions or Foulnesses of the Skin, Glandulous Swellings, and Impurities of the Juices, it does more by one Dose than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is Six Shillings a Pot, which, considering its extraordinary efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. Ramsden's Toyshop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up with a full Instructions, by the Perusal of which, all Persons who are ever affected with any Degree of the Venereal Disease may perfectly understand their own Condition, and exactly know when, and when not, the Veneteal Poison is totally rooted out of their Bodies

Note, Ask only for a Six Shilling Pot for the Genuine.
